

Press Release from Burns Pet Nutrition Limited

26 July 2011

Burns' Dinners for Dogs Trust

Burns Pet Nutrition is donating an entire lorry load of Penlan Farm moist food to the Dogs Trust.

This Thursday sixteen pallets of the Burns' Penlan Farm range, with a total retail value of nearly £25,000, will be delivered to Dogs Trust, Bridgend. Burns' Head Nutritionist, Fiona Campbell, will visit the centre the same day to officially hand the food over to Dogs Trust staff.

Burns' Operations Manager, Neil Smith, said "Due to a supply issue which has now been resolved, we recently made a batch of Penlan Farm using short-grain rather than long-grain rice. Although the product met our usual high standards and the nutritional value was not affected, the looser consistency which resulted was not popular with our human customers. In light of feedback we decided to donate the batch to the Dogs Trust so the animals in their care could benefit from such a high quality, natural food."

Burns donates around two tonnes of complete, dry food to animal rescues, search dog teams and other organisations and individuals each month as well as supporting numerous small fund-raising events throughout the country.

Editors Notes

[There will be a photo opportunity at Dogs Trust Bridgend at 12.00 on Thursday 28 July.](#)

[Alternatively, high res images will be available from Burns late Thursday afternoon.](#)

Burns Pet Nutrition Limited was started eighteen years ago by veterinary surgeon John Burns and is family owned and run. Burns employs over 100 staff at its headquarters in Kidwelly, Carmarthenshire, and also has offices in Kilmarnock, Scotland and County Limerick, Ireland.
